

UAFS American Family Program

Questionnaire

UAFS AFP is a mentor program that helps provide International Students resources and support on a weekly basis. UAFS AFP will partner an international student with local mentors who shares the same interest to make this an easy process to adapt. American students who are currently attending UAFS and want to make new friends and explore new cultures are more than welcome to apply. We are excited that you are interested in our Program. Please complete this questionnaire to help us find you the mentor that matches your preference.

(Please return this form back to Vines 106 or international@uafs.edu)

1. YOUR INFORMATION
